Shellac Nails are the new hottest hit! This new revolutionary product is changing the way women paint their nails. Shellac Nails look as good, if not better than acrylic nails. Shellac Nails last up to 14 days without losing shine or shimmer. They are hard wearing and do not scratch or smudge. When it comes to removal it is easy and it does not damage the nail itself.

Manicure and Shellac Polish - (1 hour)

£25.00

Assessment of nails and any polish removed. Nails are then shaped to the correct length, cuticle cream is applied and cuticles gently pushed back before hang nails and excess cuticle is removed. Hand cream is then applied and a hand massage given before the application of Shellac. Nails are wiped clean of excess oil and a Shellac base coat is applied and cured under UV light for 30 seconds. Your chosen colour can then be applied and cured for 2 minutes before a second coat is added and cured again before finishing with a top coat and any excess substances are then removed using Disperse.

Shellac Polish – (30 mins)

£15.00

Nails are wiped clean of excess oil and a Shellac base coat is applied and cured under UV light for 30 seconds. Your chosen colour can then be applied and cured for 2 minutes before a second coat is added and cured again before finishing with a top coat and any excess substances are then removed using Disperse

Removal – (15 – 30 mins)

£10.00

Shellac must be removed properly by a professional salon to prevent any nail damage. Shellac wraps are soaked in Dsolve and wrapped around each individual nail and processed for 10 mins. Wraps are then removed and nails are wiped clean.

Individual nail applications available on quotation.
